

Customer Showcase

Site of the Day

[LiveBuyIt](#)

The online component to a two-page spread in Lucky Magazine, LiveBuyIt allows users to purchase featured products securely via mobile phone. See a must-have gadget or accessory? Flip open your phone and, via text messaging, submit your order. Developers used Flash and XML to design the product catalog and PayPal's Text2Buy technology for mobile payment processing. (Aug. 29, 2006)
